Spa resort Truskavets

Transportation

Distance from Lviv to Truskavets is approximately 90 km (1,5 hours of drive). From Lviv airport and railroad station you can easily reach Truskavets by taking an electric train or public bus which shuttle to Truskavets during the daytime every 20 minutes. Once you are in Truskavets you can take a public bus or a taxi to your hotel.

Spa resort Truskavets is popular with visitors from the nearest countries. Most of the tourists come for treatment from Russia, Poland, Germany, CIS countries. Unique mineral water Naftusya which doesn't have analogues in the world is a principle treatment remedy of the resort.

Spa resort Truskavets

Treatment

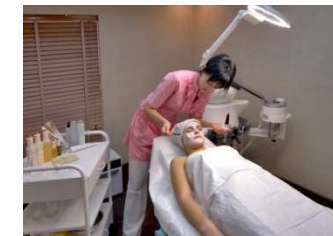

The principle treatment in Truskavets is its unique mineral water Naftusya which is best for treatment of urogenital and kidney systems.

Spa of Truskavets have excellent treatment infrastructure for effective treatment of urogenital and kidney diseases. Resort has a modern diagnostic – treatment centre Med-Palace with newest treatment facilities and professional personnel (specialist doctors and nurses).

Med-Palace is the best spa treatment centre in West Ukraine and one of the best in East Europe. All spa and sanatoria of Truskavets are specialized in treatment of kidney, urogenital and concomitant diseases.

The main specialization of Truskavets is treatment of kidney and urogenital diseases. Besides, resort offers treatment of concomitant diseases of liver, bile-excreting, digestive, gastrointestinal, metabolic, gynaecological and urological dysfunctions.

Accommodation variants

Truskavets offers many accommodation variants from budget 25-30 EUR per night in standard sanatoria to VIP and prestige accommodation at modern SPA hotels for the most demanding clients. Besides traditional medical and spa treatment, Truskavets offers spa and wellness programs for health and body improvement.

We divided spa and sanatoria of Truskavets in two groups depending on the cost of the room / service quality, so the tourists might be guided by rating (class) of accommodation.

In Standard / Economy group falls sanatoria: Almaz, Crystal, Rubin, Yantar (Amber), Moldova, Vesna, Carpathians Truskavets.

Prestige group includes : Villa Christine, Geneva SPA, Chalet Grail, Rixos-Prikarpattia.

Spa resort Truskavets - standard accommodation

Sanatoria Almaz, Crystal, Rubin, and Yantar (Amber) is a good choice for those who are looking for medical treatment and budget accommodation and services. These are sanatoria of economy class and service level. These are large sanatoria each can admit approximately 700 guests. All these sanatoria have very good medical-diagnostic facilities and a hydropathical establishment shared between them. All these four have no distinctive features between them. These sanatoria are joined by a large medical-treatment centre and a hydropatic establishment. Sanatorium Almaz is joined to the hydropatic establishment by roofed passage while other don't. Each sanatoria has roofed passage to an own dining hall (cafeteria). Sanatorim Moldova is very similar on accommodation and service level to sanatorium Almaz but Moldova has its own mineral water pump room, and located a bit aside from other sanatoria and other mineral water pump rooms.

Distinctive feature of sanatorium Carpathians Truskavets is its own well-appointed park territory. Sanatorium Vesna offers better accommodation comparing to other sanatoria of Standard / Economy group. Guests of Vesna take diagnostic treatment at the modern medical centre Med-Palace, so the level of medical services is higher comparing to others.

Spa resort Skhodnitsya

Transportation, Treatment

SPA resort Skhodnitsya does not have direct transport connection to Lviv. To reach Skhodnitsya take public bus or a taxi from Truskavets to your hotel in Skhodnitsya . Distance from Truskavets to Skhodnitsya is approximately 20 km (10-20 minutes of drive).

Variety of mineral water is a feature of spa Skhodnitsya. There are 15 natural mineral water springs in Skhodnitsya. Variety of mineral water make Skhodnitsya suitable for treatment of many diseases. Resort suites very well for treatment of kidney, liver, blood and gastrointestinal diseases.

Skhodnitsya is a young resort. Today it is developing very actively. It has modern hotels, SPA facilities, medical centres and offers good quality services. Principle treatment in Skhodnitsya is drinking of mineral water other SPA and physical treatments are supporting.

Skhodnitsya is especially recommended for treatment of urolithiasis, bile-excreting, liver and urogenital, PH neutral gastritis, gastric ulcers, low blood circulation, chronic low PH gastritis, kidneys diseases and recreating after viral hepatitis type A. Skhodnitsya is a universal resort offering quality spa treatment but as a young resort today it does not offer a well-developed infrastructure.

An extra bonus of the resort is a mine of ozocerit (mineral wax) which is used for treatment of many diseases. Mineral wax is used in Truskavets and Morshin and other Ukrainian resorts as well but in Skhodnitsya there is a natural production mine of ozocerit.

Economic and standard hotels in Skhodnitsya still do not offer required quality services that's why we offer only Prestige hotels for treatment and accommodation. We offer accommodation at the best hotel in Skhodnitsya rated 3-star.
